MOHEGAN CHURCH

MOHEGAN CHURCH

Holds Annual Reorganization of Sunday School—Officers Elected.

The Sunday morning services at the Mohegan church drew a greater attendance than usual, and the evening service was extra large in proportion, over forty being out. Lemmal Fielding of Norwich was present at both services, and sang several solos in a way which was treatly appreciated. The pastor, Miss Lillian Daniels, preached at both services.

At noon the annual reorganization of the Sunday school took place, everything indicating a successful year to come. Officers elected were: Super-intendent and treasurer, E. F. Kent; assistant superintendent and secretary, George R. Sanders; collector, Miss Bertha Nordthoff.

Cottolene comes from the oil of the natritious cotton seed. Without touch of numan hands, it flows through the factory from one process to another, and finally into pails sealed air-tight by apecial machines, and protecting the Cottolene also from dust and odors.

Compare this with most other cooking falls—made from hog fat, which is always more or less indigestible, and interior in quality—and marketed in tubs or loose-covered pails.

From cotton field to kitchen, Cottolene is made with the single aim of purity, leafthfulness, cleanliness. Of what other cooking fats can this truthfully be said?
